Parents,

The PTSA Enrichment Committee at John C. Dunham STEM Partnership School has partnered with Aurora University's Career Services Department to hold a STEM Speaker Series during March, April and May. The series brings STEM professionals to campus to talk about their careers and the path they took to get there. The JCD STEM School presentations are held during the day for STEM students only, but the evening presentations are open to STEM students and their parents. They are held at 6:30PM in the locations indicated in the schedule below. A map of the campus is included for your convenience. There is no cost to attend, but you must register with Tory Nair, the Director of the Career Service Department. Her email is below the schedule.

This is a great opportunity for STEM and AU students to learn more about specific careers in STEM and how they might go about getting into those fields. Please consider bringing your child to the evening presentations.

SCHEDULE

- Wednesday, March 11 at 6:30PM in University Banquet Hall (#25 on the map) - Speakers: Frank Whitsura vice president of Honeywell and Larry Bartoszek, owner of Bartoszek Engineering
- Wednesday, April 8 at 6:30PM in the Easley Room in the JCD Partnership School - Speakers: Brian Greviskes of Compass Automation and Dana Sauter of Cabot Microelectronics
- Wednesday, May 13 at 6:30PM in University Banquet Hall (#25 on the map) - Speakers: Andy Jirovec of Caterpillar and Dr. Joel Huffman a veterinarian
- **YOU MUST REGISTER TO ATTEND ANY OF THE AU SESSIONS. YOU CAN REGISTER BY EMAILING TORY NAIR AT tnaire@aurora.edu**
