John C. Dunham STEM Partnership and Afterschool Enrichment Solutions present the Afterschool Stage Stars program with Professional Instruction

Have fun after school learning acting! Current research has shown a strong link between drama performance and academic performance in a variety of areas, including the language arts and mathematics. Also, drama experience has been proven to enhance children's communication skills, motivation, concentration, focus, social skills, and creativity. Open to grades 3-6.

Spring Session: 6 classes on Tuesdays 3:05-4:05 pm
April 14 – May 19, 2015.

NEW!

Afterschool Stage Stars
Time Travel Around the World

No previous acting experience is necessary. The children will act in short skits and play theater games. The theme for the short skits this session is time travel around the world. Every student will play at least one lead role per session. The students will learn theater terms, the parts of a skit, and goals of the characters. Each child will receive a participation award on the last day of the session. The skits will also be performed on the last day and the parents are invited to attend!
