PSY 1100 General Psychology	PSY 101 Intro to Psychology
PSY 3250 Lifespan Development	PSY 215 Life Span: A Survey of Human Development

## School of Nursing Admission Requirements

Students must be admitted to Aurora University before applying to the School of Nursing. **Apply to the university at [aurora.edu/apply](https://aurora.edu/apply) and send official transcripts from all previously attended colleges and universities.** There is a competitive, program-specific admission process for a limited number of seats in the BSN program for Aurora University students or transfer students.

**In addition to the Aurora University undergraduate admission requirements, students applying to the BSN degree program are required to meet the following:**

- A minimum cumulative grade point average (GPA) of 2.75/4.0 scale (3.42/5.0) at Aurora University or other accredited higher education institution.
- All nursing prerequisite courses taken must be completed with a “C” or better prior to the time of review of the applicant's file for entry into the BSN degree program. All applicants must have obtained a "C" or better in all *completed* prerequisites to be considered for admission. Courses taken after provisional admission and prior to the beginning of the 3000-level nursing courses must be completed with a “C” or better.
- All science prerequisites must have been completed within the last ten years.
- Applicants who are graduates of foreign secondary schools where the primary language is not English must obtain a composite score of at least 550 (or a 213-220) on the computer-based test from the Test of English Foreign Language (TOEFL) or ESL Level 109.
- **Students are required to have successfully completed 60 semester hours (SH) prior to entering the 3000-level nursing courses.** An applicant may have a maximum of 20 SH in progress the semester prior to beginning clinical courses (i.e., 12 SH fall or spring & 8 SH summer) when their file is reviewed for admission.
